

Note:

- The generator, if you have one, requires most of the same spare parts as the engine.
- The dinghy motor, if you have one, requires many of the same spare parts as the engine.
- Twin-engine boats need not double up on all engine spares.

Spare electrical parts:

- Navigational electronics:
- Autopilot - 43
- Chartplotter/MFD - S&M
- Cartography chips for above - S&M
- GPS antenna - S&M
- Depth/speed/wind display - S&M
- Depth/speed/wind transducers - 5 and S&M
- VHF - S&M
- AIS - S&M
- VHF antenna - 36
- All network wiring components of the system - 13
- Handheld GPS - 35
- Handheld VHF - 35
- Solar and hydro-generator charge controllers -12
- Solar and hydro-generator system spares - 12
- Anchor windlass - complete with all associated parts - 1
- Propane solenoid - 12
- Propane regulator - 12
- Propane sniffer - 12
- Replacement light bulbs - 14
- Running lights - 13
- Replacement fuses - 37
- Replacement panel breakers - 37
- Miscellaneous lengths of relevant wire - 37
- Miscellaneous wire connectors and end fittings - 37
- Heat shrink tubing - 37
- Wire ties in various lengths - 37
- Phone/tablet/computer chargers - 25
- Phone /tablet/computer charging cords - 25
- Favorite phone apps on alternate devices - Yes

Miscellaneous spares:

- Steering system spare parts kit per manufacturer's recommendation - 15
- Emergency tiller - 40
- Windvane steering system spares kit per manufacturer's recommendation - 11
